GENERAL AMERICAN INVESTORS COMPANY, INC.

450 LEXINGTON AVENUE • NEW YORK • N.Y. 10017

PROXY STATEMENT

March 1, 2002

This statement is furnished in connection with the solicitation by the Board of Directors of General American Investors Company, Inc. (hereinafter called the "Company" or the "Corporation") of proxies to be used at the annual meeting of stockholders of the Company, to be held at The Century Association, 7 West 43rd Street, New York City, N.Y., on Wednesday, April 10, 2002 at 10:00 a.m. (and at any adjournment or adjournments thereof) for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Stockholders who execute proxies retain the right to revoke them at any time insofar as they have not been exercised, by written notice to the Secretary of the Company or by attendance at the Annual Meeting.

The close of business on February 20, 2002 has been fixed as the record date for the determination of the stockholders entitled to notice of, and to vote at, the meeting.

Proxies returned will be voted in accordance with the instructions thereon or, if no instructions are indicated, in favor of the directors named herein and to approve the appointment of Ernst & Young LLP as auditors.

As of February 20, 2002, the Company had outstanding 31,231,563 shares of Common Stock, \$1 par value, and 6,000,000 shares of 7.20% Tax-Advantaged Cumulative Preferred Stock ("Preferred Stock"), \$1 par value, each share carrying one vote.

The Annual Report of the Company, including audited financial statements for the fiscal year ended December 31, 2001, has previously been furnished to all stockholders of the Company. This proxy statement and form of proxy are first being mailed to stockholders on or about March 1, 2002. The Company will provide, without charge, additional copies of the Annual Report to any stockholder upon request by calling Carole Anne Clementi, corporate secretary of the Company, at 1-800-436-8401.

The Company intends to treat properly executed proxies that are marked "abstain" or "withhold," including "broker non-votes" (that is, a proxy from a broker or nominee indicating that such person has not received instructions from the beneficial owner or other person entitled to vote shares on a particular matter with respect to which the broker or nominee does not have discretionary power), as present for purposes of determining the existence of a quorum for the transaction of business. (A quorum will consist of a majority of the shares of stock of the Company entitled to vote on a matter at the meeting, present in person or represented by proxy.) The election of the Company's directors requires a plurality of the votes of the shares present or represented by proxy at the meeting and entitled to vote on the election. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees; votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote. The affirmative vote of the holders of a majority of the outstanding shares present in person or represented by proxy and entitled to vote on the matter is required to ratify the appointment of Ernst & Young LLP. In accordance with Delaware law, only votes cast "for" a matter constitute affirmative votes. Accordingly, votes that are withheld or abstentions from voting are not votes cast "for" a particular matter, and such votes have the same effect as negative votes or votes "against" a particular matter. Because of the routine nature of the items of business presented in this proxy statement, the rules of the New York Stock Exchange, Inc. permit member brokers who do not receive instructions from their customers who are beneficial owners of the Company's shares to vote their customer's shares on these items of business.

A. *Respecting the Election of Directors*

At the meeting, eleven directors are to be elected to hold office until the annual meeting of stockholders next ensuing after their election and until their respective successors are elected and shall have qualified. Nine directors are to be elected by the holders of both the Company's Common Stock and its Preferred Stock, voting together as a single class, and two directors are to be elected only by the holders of the Company's Preferred Stock. Directors are to be elected by a plurality of the vote of shares present in person or represented by proxy at the meeting and entitled to vote on Directors. Stockholders vote at the meeting by casting ballots (in person or by proxy) which are tabulated by one or two persons, appointed at the meeting, who serve as Inspectors of Election at the meeting and who execute an oath to discharge their duties. It is the intention of the persons named in the accompanying form of proxy to nominate and to vote such proxy for the election of persons named below or, if any such persons should be unable to serve, for the election of such other person or persons as shall be determined by the persons named in the proxy in accordance with their judgment. All of the persons named below are incumbent directors. They have agreed to serve if elected.

¹ The amounts shown in this column represent the Company's payments made during 2001 to the trustee of the Company's Employees' Thrift Plan, as described below, or accounting reserves established during 2001 under the Company's Excess Contribution Plan, as described below, on behalf of the respective individuals.

During 2001, each director who was not a paid officer of the Company received a fee of \$10,000 as an annual retainer, a fee of \$500 for attendance at each Directors' meeting and \$500 for each Committee meeting which he attended in his capacity as a Director.

With respect to the Company's Employees' Thrift Plan, the Company matches 150% of an employee's contributions up to 8% of basic salary to the plan. Company contributions are invested in shares of the Company's common stock. An employee's interest in Company contributions to his account is fully vested after six years of service. Partial vesting begins after two years of participation in the plan. All employees, including officers, are eligible to participate in the Thrift Plan after six months of service with the Company. Employees whose annual compensation exceeds \$150,000 are required to invest their future contributions to the plan in shares of the Company's common stock, and their existing plan balances will be converted into the Company's common stock over the three years next succeeding the attainment of that compensation level.

The Company has an Employees' Retirement Plan which is broadly characterized as a defined benefit plan. The Company contributes to the trustee for the plan annual costs which include actuarially determined current service costs and amortization of prior service costs. Retirement benefits are based on final average earnings (basic salary and, beginning in 2000, bonuses, but only for non-highly compensated employees, exclusive of bonuses for highly compensated employees, overtime, commissions, pension, retainer fees, fees under contracts or any other forms of additional or special compensation, for the five consecutive years in which the participant had the highest basic salary during the last ten years of service) and years of credited service, less an offset for social security covered compensation, plus an additional amount equal to \$50 for each year of credited service. All employees, including officers, over age 21 commence participation in the plan after one year of service and are fully vested after six years of service. Partial vesting begins after two years of service. Participants are eligible to receive normal retirement benefits at age 65. In certain instances, a reduced benefit may begin upon retirement between ages 55 and 65.

The following table shows the estimated annual retirement benefits (including amounts attributable to the Company's Excess Benefit Plan, as described below), which are subject to a deduction based on a portion of social security covered compensation, payable on a straight life annuity basis, at normal retirement date to all eligible employees, including officers, in specified compensation and years-of-service classifications:

<i>Final Average Earnings</i>	<i>Estimated Annual Benefits Based Upon Years of Credited Service</i>			
	<i>10</i>	<i>20</i>	<i>30</i>	<i>40</i>
\$100,000	\$16,830	\$33,665	\$50,495	\$61,900
200,000	33,120	66,245	99,365	121,630
300,000	49,410	98,825	148,235	181,360
400,000	65,700	131,405	197,105	241,090
500,000	81,990	163,985	245,975	300,820
600,000	98,280	196,565	294,845	360,550

For each of the officers of the Company listed in the compensation table on page 6, the following indicates his years of credited service in the Company's Retirement Plan and basic salary for 2001. Spencer Davidson (7) \$600,000, Andrew V. Vindigni (13) \$350,000 and Eugene L. DeStaebler, Jr. (25) \$275,000.

The Company also has Excess Contribution and Excess Benefit Plans. Under such plans, the Company may establish accounting reserves and make payments directly to selected participants in the Company's Thrift and Retirement Plans, respectively, to the extent the levels of contributions or benefits for such participants under such plans are limited by sections 415, 416 and/or 401(a)(17) of the Internal Revenue Code. Such benefits commence at the time benefits commence under the related tax-qualified plan. Messrs. Davidson, Vindigni and DeStaebler are participants in both the Excess Contribution and Excess Benefit Plans.

B. Respecting the Ratification and Approval of Appointment of Auditors by the Board of Directors

Proposal (b) set forth in the accompanying Notice of Annual Meeting of Stockholders is the ratification or rejection of the action taken in the following resolutions unanimously adopted by the Board of Directors (a majority of non-interested directors voting in person) appointing the firm of Ernst & Young LLP to be the auditors of the Company for the fiscal year ending December 31, 2002.

“RESOLVED, that the firm of Ernst & Young LLP be and they hereby are appointed the auditors of the Company with respect to its operations for the year 2002; and further

“RESOLVED, that the report of such auditors expressing their opinion with respect to the financial statements above described and the report of such auditors with respect to the review above described shall be addressed to the Board of Directors of the Company and to the stockholders thereof.”

Ernst & Young LLP were the auditors for the Company for 2001. During the fiscal year, fees for the annual audit were \$43,100 and fees for nonaudit services amounted to \$53,500, which included \$39,000 related to the review of the Company's semi-annual financial statements, quarterly reports on the Company's calculations under the rating agency guidelines applicable to the Preferred Stock and tax services. A representative of Ernst & Young LLP will attend the Annual Meeting to respond to appropriate questions and will have the opportunity to make a statement. Stockholders who wish to submit questions in advance to the auditors may do so in writing to Mr. Michael D. DiLecce, Partner, Ernst & Young LLP, 787 Seventh Avenue, New York, NY 10019.

C. Respecting Other Matters Which May Come Before the Meeting

The Board of Directors of the Company does not know of any other matters which may come before the meeting. However, if any other matters, of which the Board of Directors is not now aware, are properly presented for action before the meeting, including any questions as to the adjournment of the meeting, it is the intention of the persons named in the accompanying form of proxy to vote such proxy in accordance with their judgment on such matters.

D. Allocation of Portfolio Brokerage

Brokerage commissions paid by the Company during 2001 were \$620,552.

The Company's general policy regarding the execution of securities transactions is to select brokers and dealers on the basis of the most favorable markets, prices and execution of orders. A certain amount of the Company's securities transactions are placed with brokers and dealers who provide brokerage and research services and in these circumstances the commissions paid may be higher than those which might otherwise have been paid to another broker or dealer if those services had not been provided.

Research services generally include receipt of written reports, attendance at meetings or participation in discussions with respect to specific subjects, such as a company, an industry or the economic outlook. Block availability is also a consideration in determining the selection of brokers.

In negotiating brokerage commissions on securities transactions, the Company's trader, with his awareness of competitive rates, negotiates the most favorable commission to effect a particular transaction. Size of order and difficulty of execution are considerations in the negotiation. All transactions, including the commission factor, are subject to supervision and review by the Company's officers.

E. *Portfolio Turnover Rate*

The annual rate of the total portfolio turnover for the fiscal year ended December 31, 2001 was 23.81%.

F. *Stockholder Proposals*

In order for a stockholder proposal to be considered for inclusion in the Company's proxy material relating to its 2003 annual meeting of stockholders, the stockholder proposal must be received by the Company no later than November 1, 2002, and must comply with certain other rules and regulations promulgated by the Securities and Exchange Commission.

The persons named as appointees for the 2003 annual meeting of stockholders will have discretionary authority to vote on any matter presented by a stockholder for action at that meeting unless the Company receives notice of the matter by January 15, 2003, in which case these persons will not have discretionary voting authority except as provided in the Securities and Exchange Commission's rules governing stockholder proposals.

The expense of the solicitation of proxies for this meeting will be borne by the Company. In addition to mailing copies of this material to stockholders, the Company will request persons who hold stock for others, in their names or custody or in the names of nominees, to forward copies of such material to those persons for whom they hold stock of the Company and to request authority for the execution of the proxies. The Company may reimburse such persons for their out-of-pocket expenses incurred in connection therewith.

It is important that proxies be returned promptly. Therefore, stockholders who do not expect to attend in person and who wish their stock to be voted are urged to fill in, sign and return the accompanying form of proxy in the enclosed envelope.

As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures or to set auditor independence standards, and each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from whom it receives information, (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors) and (iii) representations made by management as to any information technology, internal audit and other non-audit services provided by the auditors to the Company.

**Report of the Audit Committee of
The Board of Directors of General American Investors Company, Inc.**

The purposes of the Company's Audit Committee are set forth in the Committee's Charter included as Exhibit A. The purposes include assisting the Board of Directors in its oversight of the Company's financial reporting process and internal controls, the Company's financial statements and the selection of the Company's independent auditors. Management, however, is responsible for the preparation, presentation and integrity of the Company's financial statements, and the independent auditors are responsible for planning and carrying out proper audits and reviews.

In connection with the audited financial statements as of and for the year ended December 31, 2001 included in the Company's Annual Report for the year ended December 31, 2001 (the "Annual Report"), at a meeting held on January 16, 2002, the Audit Committee considered and discussed the audited financial statements with management and the independent auditors, and discussed the audit of such financial statements with the independent auditors.

In addition, the Audit Committee discussed with the independent auditors the quality, and not just the acceptability under generally accepted accounting principles, of the accounting principles applied by the Company, and such other matters brought to the attention of the Audit Committee by the independent auditors required by Statement of Auditing Standards No. 61, as currently modified or supplemented. The Audit Committee also received from the independent auditors the written statement regarding independence as required by Independence Standards Board Standard No. 1, considered whether the provision of nonaudit services by the independent auditors is compatible with maintaining the auditors' independence and discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Moreover, the Committee relies on and makes no independent verification of the facts presented to it or representations made by management or the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies, or internal controls and procedures, designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Based on its consideration of the audited financial statements and the discussions referred to above with management and the independent auditors and subject to the limitations on the responsibilities and role of the Audit Committee set forth in the Committee's Charter and those discussed above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors.
